### EXPERIENCE

---

#### Software Intern - PRYM Aerospace Pvt. Ltd.

Oct 2024-Jan2025

- I recently completed an internship as a Software Intern, during my internship at PRYM Aerospace, I gained hands-on experience in frontend development, contributing to the design and implementation of UI elements for the AI/ML crop advisory platform. I utilized tools like Bootstrap and Figma to create modern designs while honing my technical skills and understanding of responsive web development.

#### KLiC MKCL Clone:

- Designed and Replicated the design and functionality of the KLiC MKCL platform, focusing on responsive layouts and user interactions. Tool: HTML, CSS, JS.

#### Book Website Landing Page:

- Designed and developed a interactive and attractive landing page to showcase a book website with engaging visuals and user-friendly navigation.
